## San Nicolas Radiation Treatment Center On Schedule

Extra work is being implemented to finish off IMSAN Radiation Treatment Center that's already on schedule to finish March 2020. San Nicolas will have the first state-of-the-art Radiation Treatment Center for cancer patients in the entire Caribbean. Locals will not have to travel anymore and can be closer to their families during their treatment, not only that! We will also see a growth of persons around the Caribbean coming to get their treatments here as well, that is also a boost for our San Nicolas economy.
